

The diagram shows a white rectangular area representing the print layout. This area is enclosed by a thick yellow border. Within the yellow border, there is a blue dotted line that follows the inner edge of the yellow border. The space between the white area and the blue dotted line is the bleed area. A black arrow points from the text 'BLEED AREA' to the left edge of the yellow border. A blue arrow points from the text 'Warning' to the blue dotted line. The text 'RED SECTION WILL BE TRIMMED OFF.' is located in the top left corner of the white area. The dimensions 'SIZE WITH BLEED: 5.25x7.25' and 'FINAL TRIMMED SIZE: 5x7' are centered in the white area. The text 'Place text inside the white area to avoid it being trimmed.' is at the bottom of the white area.

BLEED AREA: All artwork that bleeds must be extended to the outer red edge.

RED SECTION WILL BE TRIMMED OFF.

SIZE WITH BLEED: 5.25x7.25

FINAL TRIMMED SIZE: 5x7

Warning: All artwork past the blue dotted line could get trimmed off.

Place text inside the white area to avoid it being trimmed.
